

Annual
BULL SALE

Friday, February 14, 2020 | 11 am

**Stockmen's Livestock Market
1200 E. HWY 50 | Yankton, SD**

Selling **38**
Simgenetic Bulls

F1 to Purebred • 12-15 Months-of-Age

Lot 1

Lot 6

Dear cattle producers,

WELCOME to our annual production sale. 2020 marks our 42nd year in the Simmental breed. On behalf of our families we would like to thank you for your interest in our proven program.

As I sit down to write this welcome letter and think back about 2019, I cannot believe what a year it was. We were wet....And I mean wet. Record rainfall and flooding along with roads being completely washed away made feeding and caring for the cows very challenging.

But with everything bad that happened in 2019, you always have to find the good. The pastures were as green as they could get with tall grass all summer long. We also had the privilege to try our luck in planting cover crops onto over 80% of our crop ground as a result of the wet fields.

Starting off our 42nd year in the Simmental breed, we would like to showcase to you our many years of genetic selection for superior EPD's, muscle and docility. The bulls in this years offering harness all of the great Simmental genetics that this great breed has been built from. You will see that this set of bulls is very powerful, made right and are functional real world cattle. We sell our bulls to go to work right away. These bulls are fed to develop into breeding specimens not a show calf that will melt away when they are turned out to pasture. We believe that when you buy a bull from us they have to be problem free, add more pounds to your next calf crop, along with more heifers in your keeper pen. Selecting cattle that will maximize your profitability and reduce expenses is as important now as it has ever been. These bulls come from our tremendously gifted momma cows who year in and year out go above and beyond producing high quality bulls for us. All of

these bulls were bred here and were born here.

We would like to offer a special thanks to our repeat customers and welcome our new buyers. Without your continued support and belief in our program this would not be possible. Also, we would like to thank our family, friends and neighbors who help us out around the farm when ever we seem to be in need of an extra hand.

The bulls are semen tested and checked for soundness. With our growing family and little helpers running around, we cannot and will not put up with any high headed or ground pawing cattle. If these bulls would not work on our farm, they would definitely not be sold to a fellow cattleman. We realize that your success depends on our breeding program and we want to have quality bulls from the first lot to the last bull in the sale ring.

Again this year we will be offering \$50 to you, the buyer, if you take your bull home the day of the sale from the sale barn. If you are unable to take your bull day of the sale, we will keep them until April 1, 2020 at no charge and then deliver. After April 1st we will take care of them for \$2.50 a day. We will give the best care to the bulls we take home but will not be responsible for sickness, injury or death.

We look forward to visiting with you on sale day February 14, 2020 at Stockmen's Livestock, Yankton SD. We will be more than happy to answer any questions you have prior to the sale or stop by the farm anytime to visit and view the bulls.

Kevin and Simon

Annual BULL SALE

Friday, Feb. 14, 2020 | 11 am

Selling **38** Simgenetic Bulls

F1 to Purebred • 12-15 Months-of-Age

Stockmen's Livestock Market, Yankton, SD

Sale Day Phone: (605) 665-9641

Auctioneer: Greg Ryken (605) 661-1451

Consultant: Brian Bjerkaas (605) 661-5083

Come early before the sale for a complimentary lunch.

Announcements: Announcements made day of sale take precedence over printed material. All persons who attend this sale do so at their own risk and the sale management or owners assume no liabilities for any accidents that may occur.

Bulls Fully Guaranteed

Retaining Shares: We will be retaining 1/3 semen revenue sharing interest in every bull on the sale. Full possession and salvage value sell on all bulls unless otherwise noted or announced sale day.

Online Bidding: This year we have online bidding with LMA Auctions. To take advantage of the online bidding contact Stockmen's to get set up to bid. www.Stockmen'slivestock.com or (605) 665-9641

Contact: Kevin & Simon Healy

EXPLANATION OF HOW TO UTILIZE API & TI INDEXES

First, determine which index to use; if you're keeping replacements use API, if not, TI. Then, just as with EPDs, zero in on the unit difference between bulls. (As described to the left, index units are in dollars per cow exposed.) The difference can be used to determine how much a bull is worth compared to another. Or put another way, how much you can pay for one bull compared to another. For example, when buying an allpurpose-type sire, you can quickly figure a bull scoring +100 for API is worth an extra \$6,000 over a \$50 bull if both are exposed to 30 cows over 4 years (\$50 diff. x 30 hd. x 4 yr. = \$6,000. A percentile-ranking chart is required to determine where a bull's index value ranks him relative to other bulls in the breed. For more information, visit www.simmental.org

Definitions of Terms

Expected Progeny Differences (EPDs): EPDs are the most accurate and effective tool available for comparing genetic levels.

Back Fat (BF): Inches of backfat.

Birth Weight (BW): Pounds of birth weight.

Calving Ease (CE): Percent of unassisted births when used on heifers.

Carcass Weight (CW): Pounds of carcass weight.

Maternal Calving Ease (MCE): Percent of unassisted births in first-calving daughters.

Milk (MLK): Pounds of weaning weight due to milk.

Marbling (MRB): Marbling score.

Maternal Weaning Weight (MWW): Pounds of weaning weight due to milk and growth.

Ribeye Area (REA): Square inches of ribeye.

Warner-Bratzler Shear Force (WBSF): Pounds of force required to shear a steak.

Stayability (STAY): Percent of daughters remaining in the cowherd at 6 years of age.

Terminal Index (TI): Dollars per cow exposed under a terminal-sire scenario.

Weaning Weight (WW): Pounds of weaning weight.

Yearling Weight (YW): Pounds of yearling weight.

Yield Grade (YG): Yield grade score.
